

Background on Dr. Foster

As this Web Site is being increasingly visited, we increasingly receive requests via e-mail for additional information about the background, education and training of Dr. Foster. And while this site is intended as an educational, noncommercial one, it would appear that a need exists to place at least a "bare bones" Curriculum Vitae under the Patient Information Section of this site regarding Dr. Foster.

Dr. Foster received his Bachelor of Science Degree in Chemistry at Duke University, with Distinction and Phi Beta Kappa in 1965, and received his Doctor of Medicine Degree at Duke University Medical Center, in 1969, being elected to Alpha Omega Alpha. He trained in Internal Medicine at Duke University Hospital from 1969-1970, and at the National Heart and Lung Institute, at the National Institutes of Health in Bethesda, Maryland, from 1970 to 1972, during which time he also taught Internal Medicine, with appointment as Instructor in Medicine at the George Washington University Hospital in Washington, DC. In 1972, Dr. Foster entered his Ophthalmology Residency training program at Washington University (Barnes Hospital), in St. Louis, Missouri, and having completed that in 1975, he then traveled to Boston to do two additional Fellowship trainings in Cornea and External Diseases, and in Ocular Immunology. He completed this training in 1977 and was invited to join the full-time faculty of the Department of Ophthalmology of Harvard Medical School, where he was a member of the Cornea Service and Director of the Residency Training Program at the Massachusetts Eye and Ear Infirmary. He began his independent research in 1977, and was continuously funded by grants from the National Institutes of Health until he chose to focus primarily on Clinical Practice in 1990.

He created the Ocular Immunology and Uveitis Service at the Massachusetts Eye and Ear Infirmary in 1980, and began the Uveitis and Ocular Immunology Fellowship in 1984. Over 100 Ophthalmologists have successfully completed this training program in uveitis and ocular immunology, and most have contributed to the over 500 published books and papers that Dr. Foster has authored. Dr. Foster continues to direct a research laboratory at the Massachusetts Eye Research and Surgery Institution (MERSI), through the support of his newly created research foundation, The Ocular Immunology and Uveitis Foundation; this laboratory is devoted to the study of eye surgery, inflammation, and infections. Dr. Foster sees and treats patients with cataract, glaucoma, cornea and external ocular diseases, and uveitis. He teaches cataract, corneal microsurgery, and vitreal surgery for inflammatory eye disease.

EDITORIAL BOARDS:

Editorial Board, CME Series of Ophthalmology
Editorial Board, Cornea
Editorial Board, Herpes
Editorial Board, Digital Journal of Ophthalmology (DJO)
Editor-in-Chief, Contemporary Ophthalmology
Editor-in-Chief, Massachusetts Eye Research & Surgery Institute, World Wide Web Site
Editor-in-Chief, www.uveitis.org World Wide Web Site
Editorial Board, Ocular Immunology and Inflammation

EDITORIAL BOARDS, AD HOC REVIEW:

American Journal of Ophthalmology
Archives of Ophthalmology
Ophthalmology
Investigative Ophthalmology
Current Eye Research
Experimental Eye Research
Survey of Ophthalmology
New England Journal of Medicine
Journal of Immunology
Survey of Immunology

MEMBERSHIPS, OFFICES, AND COMMITTEE ASSIGNMENTS IN PROFESSIONAL SOCIETIES:

General Medicine:
American Medical Association
Massachusetts Medical Society
Royal Society of Medicine, London
Lupus Foundation of America, Inc.

American Behçet's Disease Association
American College of Rheumatology, Fellow
American College of Surgeons, Fellow

Clinical Ophthalmology:

American Academy of Ophthalmology, Fellow
American Association of Ophthalmology
Massachusetts Society of Eye Physicians & Surgeons
New England Ophthalmological Society
Contact Lens Society of America

Immunology Research:

Ocular Microbiology and Immunology Group
American Association of Immunology
American Society of Ophthalmologic and
Otolaryngologic Allergy
American Uveitis Society, Board of Directors
American Federation for Clinical Research
Federation of American Societies for
Experimental Biology
International Society of Immunopharmacology
American Society for Microbiology
Association of Medical Laboratory Immunologists
American Society of Clinical Immunologists
International Uveitis Study Group
International Ocular Inflammation Society

Ophthalmic Research:

Association for Research in Vision & Ophthalmology
Association for Eye Research – Amsterdam
International Society for Eye Research

MAJOR RESEARCH INTERESTS:

1. General and Ocular Immunology
 - Autoimmune Ocular Disease
 - Corneal Transplantation Immunology
 - Immune Response to Ocular Herpes Simplex Infection
 - Immunomodulatory Therapy
2. Ocular Microbiology
 - Bacterial, Fungal and Viral Ocular Infections
 - Ocular Penetration of Antibiotics
3. Corneal Wound Healing
4. Surgical Therapy of Ocular Inflammatory Disease

TEACHING EXPERIENCE:

Current Annual Teaching Activities:

Resident Lecture Series, Massachusetts Eye and Ear Infirmary

Lancaster Course in Ophthalmology

American Academy of Ophthalmology

Course on: Uveitis

Course on: Scleritis

Course on: Peripheral Corneal Disease

Course on: Chronic Conjunctivitis

Course on: Cornea

Ocular Immunology and Uveitis Foundation Annual Physician Education Conference

Anterior Segment, 2006, 2008

International Symposium on Birdshot Choroidopathy, 2008

Posterior Segment Conference, 2007

Harvard Medical School, Department of Allergy and Immunology, Annual Fellows' Course

CONSULTANT POSITIONS:

Consultant, Baxter Laboratories, Travenol Div.

Design and Conduct of Clinical Trials: 1972-1974

Consultant, Fisons Corporations

Design and Conduct of Clinical Trials: 1985-1995

Consultant, Sandoz Pharmaceuticals

Design and Conduct of Clinical Trials: 1990

Consultant, Alcon Pharmaceuticals

Design and Conduct of Clinical Trials: 1990-1995

Basic Research on Inflammation

Speakers' Bureau

Consultant, Centocor Pharmaceuticals

Immunomodulatory Therapy: 2003 – present

Consultant, Inspire Pharmaceuticals

Clinical Research on Uveitic Macular Edema 2004 – present

Speakers' Bureau

Consultant, Inotek 2003-present

Consultant, Bausch & Lomb 1997- present

Speakers' Bureau

Consultant, Genentech 2004-present

Consultant, Sirion 2006-present

Consultant, Therakine 2006-present

Consultant, Allergan 2005-present

Sponsors Research

Speakers' Bureau

Consultant, EyeGate 2005-present

Consultant, Novartis
Sponsored Research 2007-Present

Consultant, Merrimack 2006-Present

PRINCIPAL CLINICAL AND HOSPITAL SERVICE RESPONSIBILITIES:

Director – Ocular Immunology and Uveitis Service
Massachusetts Eye and Ear Infirmary
Director – Hilles Immunology Laboratory
Massachusetts Eye and Ear Infirmary
Director – Rhodes Molecular Immunology Laboratory
Massachusetts Eye and Ear Infirmary
(Ended in 2005 with the establishment of the Massachusetts Eye Research & Surgery Institute)
Founder & President - Massachusetts Eye Research & Surgery Institution
President & CEO – Ocular Immunology & Uveitis Foundation

GRANTS RECEIVED:

1966 NSF Summer Research Fellowship
1973 Southern Medical Association Fellowship
1975 & 1976 NIH Research Fellowship
1979 NIH (National Eye Institute) R01 Grant EY-03063,01, "Immunopathology of an Animal Model of Peripheral Ulcerative Keratitis."
1981 Milton Fund, Harvard University "Autoimmune Corneal Disease"
1982 NIH (National Eye Institute) R01 Grant EY-04092-01 "Regulation of Immune Responses in the Eye." In collaboration with Mark I. Greene, M.D., Dept. of Pathology, Harvard Medical School
1982 NIH R01 Grant CA20822 "Cell Interaction and the Clotting System." In conjunction with Robert B. Colvin, M.D., Immunopathology Dept., Mass. General Hospital
1983 Fight for Sight: "Ocular Immune Responses"
1985 NIH "Immunology and Genetics of Herpes Simplex Keratitis."
Grant RO1-EY-06008-01
1985 NIH Institutional Training Grant,
