About OIUF

The Ocular Immunology and Uveitis Foundation (OIUF) is a national non-profit organization, based at the Massachusetts Eye Research and Surgery Institution in Waltham, Massachusetts at 1440 Main Street. OIUF is the nation's leading non-profit health organization dedicated to finding the causes and cure for ocular inflammatory and surface diseases and is the only national organization exclusively serving individuals, families and friends affected by such disorders.

In addition to Research, our services include:

- ◆ 6 support group meetings at the Massachusetts Eye Research and Surgery Institution
- ◆ Online Support for patients, kids, and families
- ◆ Pathfinders Program (patient to patient support)
- ◆ Ocular Inflammatory Disease educational guides and documentaries
- ◆ Fellowship training
- ◆ Physician Education and Patient Conferences
- ◆ Publications (Text Books, Articles, Monographs)

There is never any charge, ever, for participation in our support resources or for our publications. **We are committed to keeping these resources, programs, and publications free of charge and accessible to anyone living with ocular inflammatory disease.** Therefore, we depend heavily on your generous support. Please show your support through one of our sponsorship opportunities.

Mission

The Ocular Immunology and Uveitis Foundation is a 501c(3), national non-profit, tax-exempt organization. Our mission is to find cures for ocular inflammatory diseases, to erase the worldwide deficit of properly trained ocular immunologists, and to provide education and emotional support for those patients afflicted with ocular inflammatory disease.

ACCREDITATION STATEMENT

Accreditation Statement - In support of improving patient care, this activity has been planned and implemented by Amedco and the Ocular Immunology and Uveitis Foundation. Amedco is jointly accredited by the American Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

CREDIT DESIGNATION STATEMENT

Credit Designation Statement - Amedco designates this live activity for a maximum of 6.00 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

NEEDS ASSESSMENT

Prevention of complications from disease has become the focus of modern medicine, and leads to better outcomes in patients, especially in ophthalmology. Many ocular diseases eventually lead to blindness, but some vision loss can be avoided by timely presentation to and management by a well-trained ophthalmologist. Awareness and recognition of these diseases when they present, as well as the implementation of early steps in treatment or prompt referral, is critical to minimizing or preventing permanent complications. Continuing medical education in common and uncommon forms of preventable blindness and up-to-date management is essential to today's ophthalmologist.

EDUCATIONAL OBJECTIVES

In response to the challenges and opportunities described above, the aim of this course is to highlight how specialists in the field recognize and manage various prominent forms of preventable blindness and provide a venue for discussion of these diseases to help their peers incorporate these methods into their individual practices.

LEARNING OBJECTIVES

After attending the 2018 Preventable Blindness Hot Topics Crash Course, participants will be able to:

- Recognize various forms of preventable blindness, including many forms of ocular inflammation.
- Discuss the latest evidence-based medical data on these diseases.
- Take early action in management upon recognition of these diseases to help avoid permanent complications caused by delay in treatment.

2018 Preventable Blindness Hot Topics Crash Course

Saturday, April 21st, 2018
Royal Sonesta Boston • Cambridge, MA

8:00 – 9:00 AM	Breakfast and Registration	
9:00 – 9:30 AM	Approach to the Work Up of Uveitis	Albert Vitale, MD
