## 20 Years of Excellence Event!

Join us as we applaud the dedicated physicians and researchers in the world of ocular immunology and express gratitude to the OIUF community members and volunteers that continue to make OIUF's mission possible. This event will bring together members of the OIUF community who have made significant strides in the field of ocular immunology, to both share their accomplishments and celebrate the work of their peers.

***All are welcome to attend!***

## **Upcoming October 7th Support Group**

### **"What It's Like to Get An Infusion" w/ Infusion Access Foundation October 7th, 2025 @ 7PM EST**

Infusions are a common way to administer Immunomodulatory Therapy (IMT) to treat different types of Ocular Inflammatory Disease (OID) and other autoimmune conditions, but can be daunting for new patients. Join us this month to discuss the process of getting infused and connect with other infusion patients and infusion care advocates to support your journey and ask questions!

Whether you're newly diagnosed or have been managing your condition for years, you'll also have the chance to share experiences, learn new strategies, and connect with others who understand the challenges of living with a chronic illness.
